# GRACE & GREEN

Grace & Green exists because someone saw the state of period care and cared enough to make a change. That person was our founder, Fran, who worked in the water sanitation industry for a decade. She witnessed first-hand the impact period products have on our oceans, water systems and wildlife. She knew something had to change.

Grace & Green was born. We craft the highest quality period products, without compromising planetary or human health.

GRACEANDGREEN.CO

# THE MOST SUSTAINABLE PERIOD BRAND.

We are the highest scoring B Corp within organic period care in the world.

The higher the score, the more positive impact the company is having. Our incredible score is based on both our exceptionally ethical products and our work towards period dignity for all.
